

MUSD is a one-to-one district!

Marana High School is working hard to provide hotspots on buses and for students without internet access at home. A hotspot with 15 access points costs close to \$200 per year. However, for every \$100 donated, Marana High School and its school organizations will work to match it so all students will have the opportunity to connect.

Now through October 31, please consider sponsoring a hotspot to support MHS students today!

**Checks should be written out to
Marana High School (c/o David Mandel) or
Marana High School PTO
(c/o President Sara Bauer).**
